

Signs of Safety Briefing

Introduction

Achieving for Children is implementing Signs of Safety from 19th June 2017. The Signs of Safety model promotes strong relationship building and enables practitioners across different disciplines to work in partnership with children and families to maintain a focus on building safety within the family.

These briefings are an introduction to Signs of Safety and will give staff and partners an opportunity to hear about Achieving for Children's intended implementation plan, as we set off on our journey to roll out Signs of Safety over the next couple of years. The briefing sessions will be led by internal Achieving for Children staff.

Learning Outcomes

By the end of the briefing delegates will:

- Have a clear overview of what Signs of Safety is
- Understand Achieving for Children's implementation plan to rolling out Signs of Safety
- Understand how Signs of Safety can be used as a standard model for communication
- Be informed of the training opportunity for your organisation in Signs of Safety
