

Annual Early Years Conference 2021 - A World of Opportunities: Reimagining Early Years through the EYFS Reforms

Introduction

This conference is for EYFS teachers working in schools and Early Years Practitioners in the PVI sector. It provides an annual opportunity for practitioners to come together to network, to develop professional knowledge and skills relating to their field. The content of the conference is decided by the Early Years Advisory Team, with input from Leading Foundation Stage Leaders and national speakers.

From September 2021, reforms to the Early Years Foundation Stage statutory framework become statutory. Local Authorities have a duty to provide training for all providers working with children in the EYFS. The key theme of this year's conference is around the implementation of the EYFS Reforms and some high profile themes that have emerged over the past year.

This is always an extremely well-attended conference. Please book early to secure your place. The charge for this event will be £100.

This year the conference will take place virtually on a conference platform. Joining links will be emailed 48 hours prior to the date of the conference.
